

Custom Equipment Enclosures

ESD Waste²Water, Inc.'s ESD's Custom Equipment Enclosures are used to mount and enclose remediation equipment. They are very durable and good choice for the long-term housing of your remediation equipment.

Standard Features:

- Lifting points or forklift slots for easy installation
- Constructed with welded steel frame
- Marine grade aluminum sides and cover
- Lightweight for one person maintenance
- Sealed roof and wall joints
- Custom built to house any size equipment

Certified to UL-508A Standards

Thank you for allowing ESD to provide a solution to your equipment needs.
