

ESD TurboTray™ Low-Profile Air Strippers

ESD Waste²Water, Inc. manufactures a complete line of high performance, low maintenance, removable tray Low Profile Air Strippers with removal efficiencies up to 99.9%. The side access panel allows the trays to be easily removed by one individual without any additional equipment or assistance, saving time and money.

Standard Features:

- 5052 H32 marine grade aluminum construction
- High efficiency blower and TEFC motor
- High level switch
- Magnehelic pressure gauge
- Blower low pressure switch
- Level sight glass
- Mist eliminator
- Vacuum break
- NEMA IV control panel with high level and low pressure alarms

Options:

- Stainless steel construction
- Explosion proof blower motor
- Level controls and pump out
- Filter vessels
- Liquid Phase or Vapor Phase Carbon Vessels
- Custom control panel
- Skid mounted, open trailer, enclosed trailer, custom enclosure or custom building

Thank you for allowing ESD to provide a solution
to your equipment needs.
